

Directions to the Dynamic Compression Sector (DCS) (Building 438)

GPS / Google Maps

For directions to Argonne National Laboratory, enter “Argonne National Laboratory” or the address:

[9700 S. Cass Avenue](#)
[Lemont, IL 60439](#)

Gate Pass

Go to the Argonne Welcome Center located on the right, before the Argonne Main Gate (North Gate), to pick up your Gate Pass. Business hours are Monday through Friday, 6:30 a.m. – 4:00 p.m. After-hours, please drive directly to the security gate and the officer on duty will assist you. In both instances, present a [valid form of REAL ID compliant identification](#) to receive your gate pass.

Parking

The 438 Parking Lot is the closest to the DCS. If this lot is full, please park in the 401 lot.

Directions to the Dynamic Compression Sector (DCS) at the Advanced Photon Source (APS):

After passing through the ANL Main Gate, turn left on Outer Circle Road. You will pass through two stop signs. Shortly after the second stop sign (Meridian Drive), you will see a sign for the APS on the left. Turn left onto this road and follow the short one-way road until you reach the stop sign and turn right (the APS will be directly in front of you). On the left, there will be a small parking lot for Building 438.
